PROBLEM STATEMENT

In today's digital era, a traditional resume cannot fully showcase creativity, skills, and personality. As a B.Sc Artificial Intelligence student, I need a digital portfolio that highlights my education, skills, and projects while reflecting my creativity and technical abilities in a professional way.

PROJECT OVERVIEW

- This digital portfolio is a personal website showcasing my education,
skills, projects, hobbies, and contact details. Built with HTML and CSS,
it reflects both my technical knowledge and creativity, serving as a platform to share
my work, connect with opportunities, and build my digital identity.

WHO ARE THE END USERS?

The main users of this portfolio include:

Recruiters & Employers – to evaluate my skills, projects, and potential.

College Faculty & Mentors – to assess my academic growth and creativity.

Peers & Collaborators – to explore ideas, projects, and teamwork opportunities.

General Audience – anyone interested in my journey, skills, and interests.

TOOLS AND TECHNOLOGIES

HTML5 – FOR STRUCTURING THE CONTENT OF THE PORTFOLIO.

CSS3 – FOR STYLING, LAYOUT DESIGN, AND VISUAL PRESENTATION.

JavaScript (optional/for interactivity) – TO MAKE THE WEBSITE MORE DYNAMIC.

Canva – FOR DESIGNING POSTERS, VISUALS, AND PRESENTATIONS.

Microsoft Office (Word, PowerPoint, Excel) – FOR DOCUMENTATION AND REPORTS.

Programming Languages (Python, C) – TO SHOWCASE CODING KNOWLEDGE IN PROJECTS.

PORTFOLIO DESIGN AND LAYOUT

Header: About | Education | Skills | Projects | Hobbies | Contact

About Me: Intro + career goals

Education: Timeline/list of studies

Skills: Grid or card view

Projects: Cards with title + description

Hobbies: Icons/emojis for fun look

Contact: Email, phone, location

FEATURES AND FUNCTIONALITIES

Responsive Design – Works on mobile, tablet, and desktop.

Navigation Bar – Easy access to About, Education, Skills, Projects, Hobbies, and Contact.

Project Showcase – Displays academic and creative projects.

Skills Highlight – Technical and soft skills shown in a neat format.

Hobbies Section – Adds a personal touch with icons/emojis.

Contact Information – Quick access to email, phone, and location.

- Functionality

Interactive Navigation – Smooth scrolling between sections.

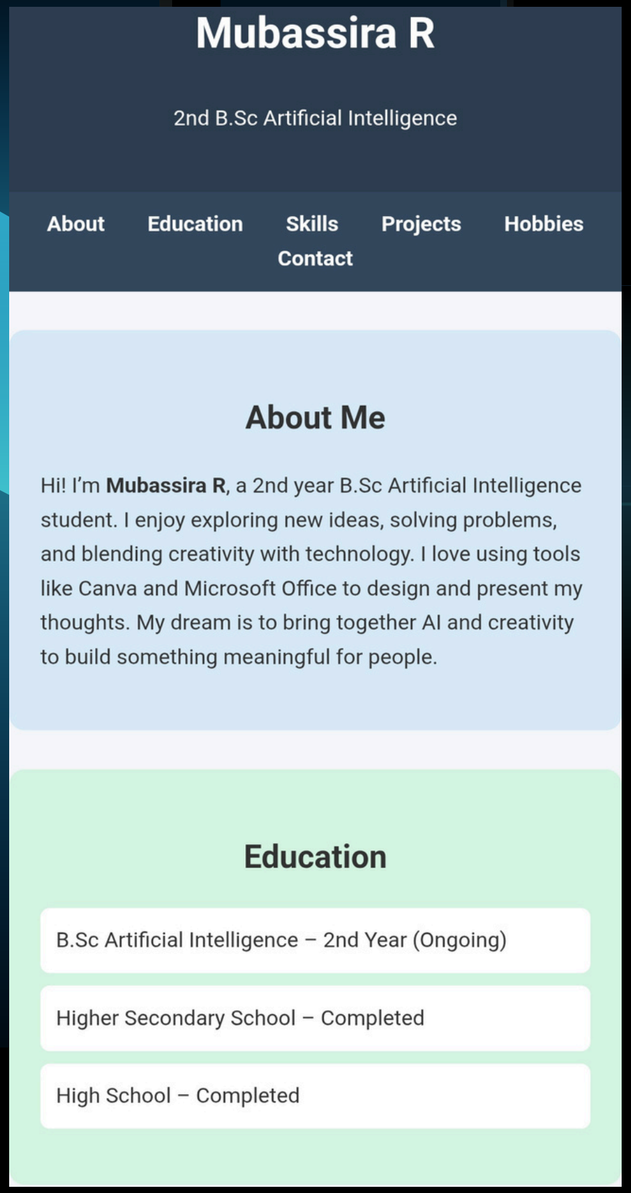
Clickable Links – Email and phone number can be directly used to contact.

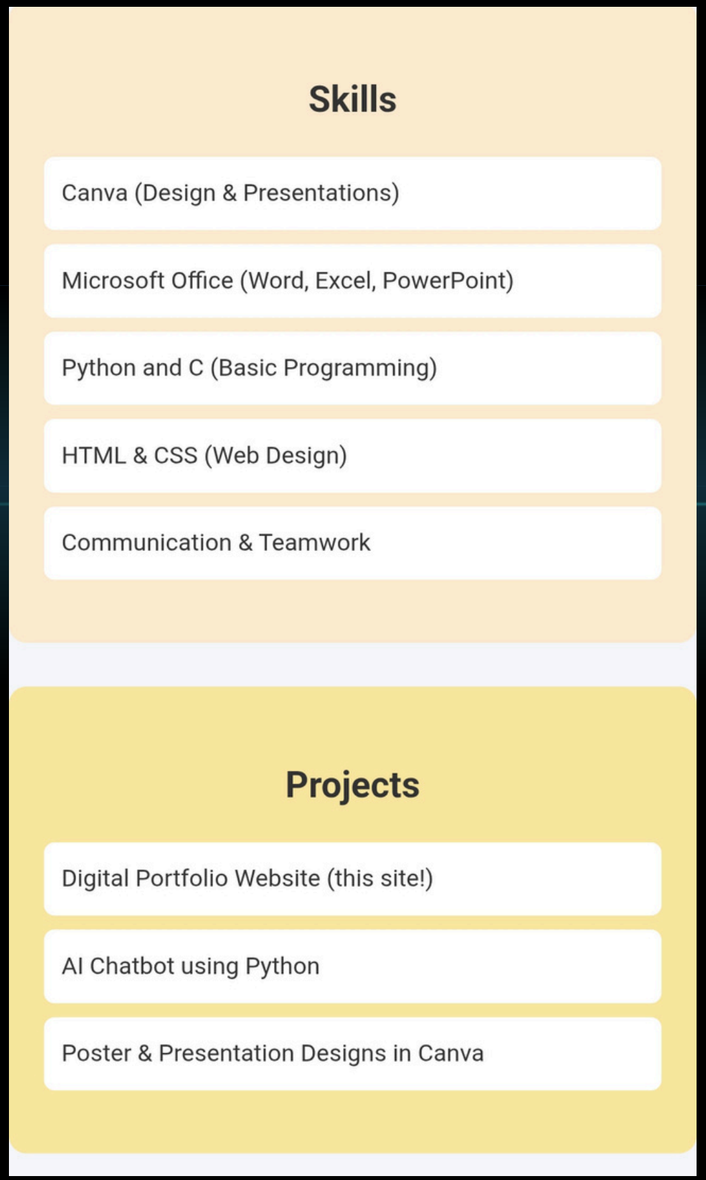
Organized Layout – Content arranged for easy reading.

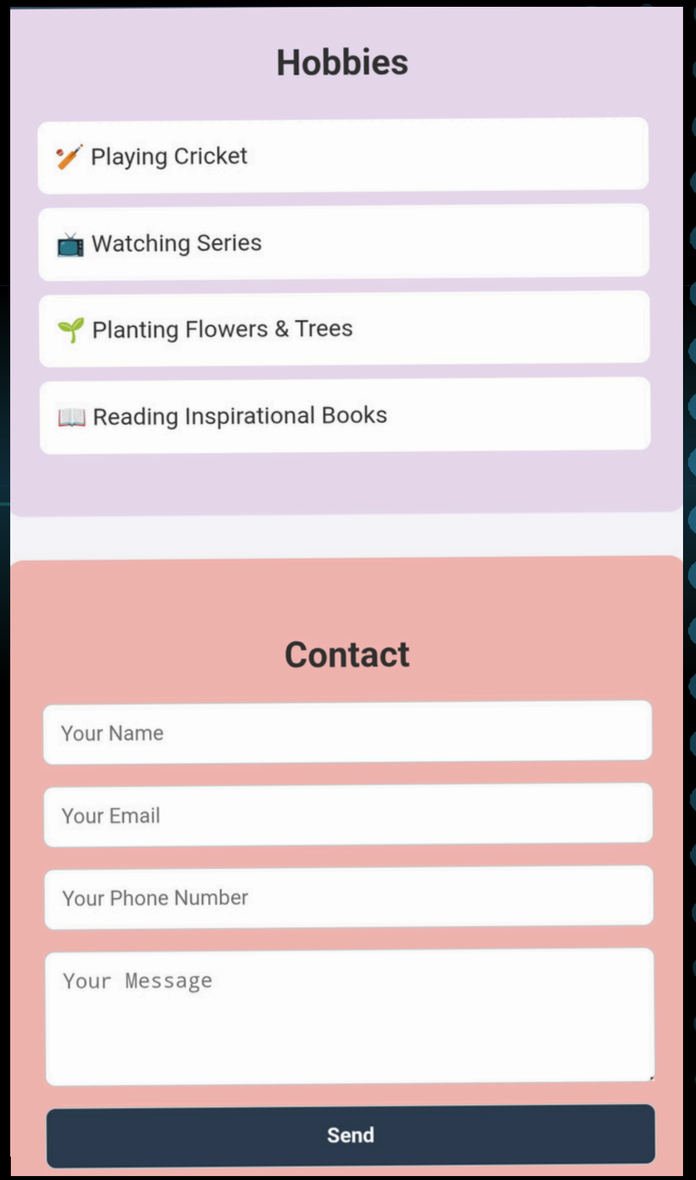
Customizable – Can add new projects, skills, or hobbies anytime.

Simple & Lightweight – Fast loading without heavy elements.

RESULT AND SCREENSHOT







CONCLUSION

This portfolio website neatly presents my background, skills, projects, hobbies, and contact details in a clear and colorful way. It's a simple, user-friendly showcase of who I am.

Thank you
